16-17 October 2021

WEEKEND OF PRAYER AND ACTION AGAINST HUNGER JOINT ECUMENICAL ACTION

Right now 41 million vulnerable people are at risk of experiencing famine due to a deadly mix of conflict, climate change, and COVID-19's devastating economic impacts. On the 16th and 17th of October, Christian Churches and development actors will join together in prayer and action in recognition of a worsening global hunger crisis.

Join us

Christians around the world are coming together for a weekend of prayer for hunger. Talk to your family and dedicate a meal Saturday, and then pray with your congregation Sunday during a special service.

Resources coming soon

We encourage you to join us. We will soon share a number of resources with you to support your participation and hear from children and families affected by the growing crisis; including a prayer guide, videos, social media content and information on the global hunger situation.
